Patient ID: 6710025433085

Referral Doctor: Dr Vijay Jaganath / Dr S Adam {Parlock}

COLONOSCOPY Report

On 2021/02/19 a COLONOSCOPY was performed on Mr. RICKY NAIDU

The following findings were observed:

Findings

Site reached - 70cm

Large multi-lobed tumour at 70cm partially obstructing the lumen (around hepatic flexure). Features are very suggestive of a malignant process.

7mm sessile polyp @ 60cm - successfully removed.

Hyperaemic mucosa @ 30cm - biopsied.

Recto sigmoid diverticulosis.

Rectum

The rectum was normal.

Conclusion

Non benign looking lesion with recto sigmoid diverticulosis.

Biopsies - done.

Hyperaemic mucosa

Colonic tumour

Colonic tumour

Colonic polyp

Kind Regards,

Dr Nizam Aboo
